For presentation to kindred and friends resident within and beyond the shadows of Greylock Mountain, and the unequalled pastoral beauties of Berkshire and Bennington counties, no personal remembrance will be more prized and welcome than Col. W. H. Phillips' "Pathfinder to Greylock Mountain, the Berkshire Hills and Historic Bennington." To be found in all the leading bookstores and news stands in Berkshire and Bennington counties and western Massachusetts.

COUNTY BUILDING AGAIN UNDER INSPECTION

State Board of Health Makes a Visit to Bennington

DRS. HOLTON AND CAVERLY

Accompanied by Assistant Judges and Local Board They Examine Court House and Jail

Drs. C. S. Caverly of Rutland and L. D. Holton of Brattleboro of the State Board of Health were in the village yesterday afternoon and made an inspection of the county building. This is the second time that the board has visited Bennington for this purpose. Following its first inspection of the building the board made an exhaustive report of its findings and made a number of recommendations which in its opinion should be carried out if the building were to be used for county purposes.

When the members of the board arrived yesterday afternoon they met with the assistant judges of county court, Charles B. Kent of Dorset and Dr. C. A. Perry of Readsboro, and two members of the local health board, Health Officer H. L. Stillson and Selectman Frank Cromack, at the county clerk's office. After a short discussion the gentlemen present made a thorough inspection of the building. They examined the plumbing and heating, discussed the matter of ventilation and the general condition of the property. At the conclusion of their inspection the board stated that the recommendation in relation to plumbing made in its former report had been adopted but otherwise it found the conditions were the same as those existing at the time of the former inspection.

NO MORE STOMACH MISERY

No Indigestion, Heartburn, Gas or Dyspepsia Five Minutes Later

If your meals don't fit comfortably, or you feel bloated after eating and you believe it is the food which fills you; if what little you eat lies like a lump of lead on your stomach; if there is difficulty in breathing after eating, eructations of sour, undigested food and acid, heartburn, brash or a belching of gas, you can make up your mind that you need something to stop food fermentation and cure indigestion. To make every bite of food you eat aid in the nourishment and strength of your body, you must rid your stomach of poisons, excessive acid and stomach gas, which sours your entire meal—interferes with digestion and causes so many sufferers of Dyspepsia, Sick Headache, Biliousness, Constipation, Griping, etc. Your case is no different—you are a stomach sufferer, though you may call it by some other name; your real and only trouble is that which you eat does not digest, but quickly ferments and sours, producing almost any unhealthy condition. A case of Pape's Diapepsin will cost fifty cents at any Pharmacy here and will convince any stomach sufferer five minutes after taking a single dose that Fermentation and Sour Stomach is causing the misery of indigestion. No matter if you call your trouble Catarrh of the Stomach, Nervousness or Gastritis, or by any other name—always remember that a certain cure is waiting at any drug store the moment you decide to begin its use. Pape's Diapepsin will regulate any out of order stomach within five minutes and digest promptly without any fuss or discomfort of all of any kind of food you eat.

MUCH DIRTY MILK

Revealed by Examinations at Vermont State Laboratory

Burlington, Dec. 31.—The officials at the Vermont state laboratory of hygiene made 1072 examinations during the quarter ending September 30, according to the December bulletin of the state board of health, which made its appearance Saturday. Of the total number 308 were cultures for diphtheria bacilli, 250 were sputum for tubercle bacilli, 250 were blood for widal reaction, 222 were milk and cream, 178 were waters, 118 were foods, 27 were medico-legal cases and 260 were miscellaneous analyses. Of the samples of milk and cream examined 155 were found to be above standard and 67 were below standard. Two samples of lemon extract contained no lemon oil and a third had only a trace of it; two strawberry and vanilla extracts only were colored imitations; two samples of "cleaned currants" were wormy and unfit for food; one sample of a cough syrup contained alcohol; a "Japanese pain reliever" contained opium, and some celery and caffeine capsules contained acetanilid.

MILEAGE TRANSPORTATION

Case of Interest to Vermont Goes to United States Supreme Court

Washington, Dec. 14.—The department of justice has filed in the Supreme court its brief in the appeal from the decision of the circuit court for the northern district of Illinois in the case of the United States versus the Chicago, Indianapolis & Louisville Railway Co. This case affects the right of a transportation company to issue transportation in exchange for advertising. In the circuit court it was decided in favor of the United States.

The defendant company, it was charged, had entered into contracts with the Munsey Publishing Co., and with some 250 other publishers of newspapers, magazines and periodicals to issue transportation of a stated value in exchange for a stipulated quantity of advertising "for the personal use of the publisher, his employees or immediate members of his or their families."

The brief says: "The publishers cannot demand payment in money or anything else but transportation and the sole question is whether or not such barter arrangements are lawful, it being expressly stipulated that appellant's tariff rates shall be the exception shown in dollars and cents."

IDENTITY ESTABLISHED

Suicide at Pittsford Was W. J. Compoux of Northampton, Mass.

Pittsford, Dec. 14.—By means of photographs and descriptions the identity of the man who committed suicide here Wednesday night has been established and according to a telegram received yesterday from Northampton, Mass. he is W. J. Compoux. Nothing is said about him except that he has relatives in Fall River, Mass., and that every effort is being made to notify them.

Compoux made every move possible to conceal his name and address until yesterday no insight as to who he might be could be learned. He shot himself through the heart with a 22 calibre revolver dying almost instantly. He was found later by a teamster in the snow beside the road. Pictures of the man were taken by Health Officer H. H. Swift at the time he performed the autopsy and these were sent out by Constable J. E. Tension, together with a description.

WEATHER FORECAST

Probabilities for This Section for the Next 24 Hours.

For eastern New York and western Vermont unsettled tonight. Probably snow in north portion. Thursday fair.

BATTELL TRYING TO CUT HIGHWAY APPROPRIATION

Opposing Bill Providing \$150,000 for Good Roads

LONG TERMS FOR JUDGES

Bill to Change Terms in Office From Two to Six Years

Montpelier, Dec. 14.—The House is busily engaged today on H. 141 the State Highway bill which appropriates annually \$150,000 for good roads. An effort is being made, led by Mr. Battell of Middlebury to reduce the amount to \$100,000 but it is expected that the bill will pass in its original form.

Bills were passed in the House this morning as follows: H. 287 excluding automobiles from certain highways in East Middlebury and the town of Hancock, H. 539 relating to the time within which certain duties shall be performed, H. 541 relating to two boards of employment, H. 542 relating to the Lake Dunmore Power and Traction Co.

Three bills were introduced in the House this morning, one by Mr. Stone of Wallingford providing for the election of superior judges for the term of six years instead of two as at present. It also provides that judges elected at this session shall hold office until 1916.

The judiciary committee put in a bill relating to recognition in criminal cases. Mr. Miller of Bethel has a bill relating to the form and contents of grand lists and abstracts of individual lists.

The Senate today passed H. 268 relating to town officers, H. 362 relating to the election of officers in fire districts, H. 437 conferring additional powers on the commissioner of taxes and H. 439 establishing the office of state ornithologists, H. 526 incorporating the Alpha Sigma Phi society of Norwich University.

The Senate killed H. 382 making declarations in conveyances of real estate prima facie evidence of the fact stated and H. 516 providing for a uniform system of town accounting.

The House had a lively impromptu discussion yesterday morning on the bill which received a favorable report from the committee on claims to pay Wm. Bruin \$252, state pay at \$7 a month in the Civil war. Bruin enlisted from Underhill but was never credited to Vermont. He served three years in the fifth U. S. Cavalry, participating in 60 engagements. He is now a resident of Providence, R. I.

Mr. Viall of Dorset, chairman of the committee on claims, stated that while the committee did not consider this a legal claim against the state, they believed it was a just one. After a good deal of spread eagle oratory and shaking out the flag, the bill was ordered to a third reading.

The long expected primary election bill came in yesterday from the committee on internal affairs and will be printed before it is taken up. The measure has many of the features of Speaker Howe's bill and calls for a plurality choice. Some of the other bills had first and second choices. The measure is a substitute for both the Howe and the McCuen bills which the committee has been at work on for several weeks. It relates to the nomination of state and county officers.

State Highway Commissioner C. W. Gates was invited to address the Senate at the afternoon session yesterday and explain the so-called snow roads bill a measure that requires that the care of winter roads shall be paid from the general fund and that the money so expended shall not come from the highway funds. The bill also gives the road commissioners authority over the approaches to the bridges, a cause of complaint in many sections. Mr. Gates made a clear explanation of the measure and after an amendment offered by Mr. Darling, which would place the winter roads on the same basis as the summer roads, was defeated, the bill was passed in concurrence by a vote of 14 to 6.

Appointments by Governor
Gov. Mead has made the following appointments:
Mason G. Beebe of Burlington to be a member of the state board of pharmacy, in place of William R. Warner of Vergennes, resigned.
Benjamin F. O'Brien of Huntington to be collector of taxes in the unorganized towns and gores in Chittenden county.
Rev. J. Edward Wright of Montpelier, W. J. VanPatten of Burlington, M. J. Haggood of Peru, to be a commission to report to the next General Assembly many plans for the erection of a suitable memorial for Daniel P. Thompson, author of the "Green Mountain Boys."

WILL DEMAND RECIPROCITY

Two Special Trains of Western Canada Farmers Proceed to Ottawa

Winnipeg, Dec. 14.—Two special trains carrying five hundred farmers of western Canada have departed for Ottawa to demand reciprocity with the United States.

HATTIE LEBLANC NOT GUILTY SAYS JURY

Young Girl Acquitted of Killing Clarence Glover

JURY OUT ONLY AN HOUR

Judge's Charge Strongly Favored Prisoner and Called Attention to Conflicting Testimony

Cambridge, Mass., Dec. 14.—Hattie LeBlanc, the little Cape Breton girl, who has been on trial here for the murder of Clarence Glover, the Waltham laundryman, was this morning acquitted by the jury which deliberated on its verdict only an hour.

Cambridge, Mass., Dec. 14.—The fate of Hattie LeBlanc who has been on trial since November 28 for the murder of Clarence F. Glover, was almost in the hands of the jury when the court suddenly adjourned yesterday afternoon.

The jurors listened yesterday to two earnest appeals. First Melvin M. Johnson, the senior counsel for the defendant, in an impassioned address which lasted four hours, begged the jury to send Hattie LeBlanc back to her home in the fishing hamlet of West Arichat for a joyous Christmas.

Then District Attorney John J. Higgins more calmly but no less earnestly, declared that the girl, ripened into a woman by her life at the Glover home, had gone willingly to the laundry with Glover at night and there shot him to death. A quarrel with Glover, he said, furnished the motive. He disclaimed any desire to convict the girl merely for the sake of convicting some one.

Much of what Judge Bond had to say was distinctly favorable to the defendant, especially that bearing on the question of whether the girl had the courage and the ability to use for the first time a revolver that required the grasp of a good sized hand and the knowledge how to release a safety attachment. He said that the government had not shown that Hattie LeBlanc had ever used such a weapon, while on the other hand, Mrs. Glover, the widow, did know how to use one. He pointed out conflicting statements made by witnesses concerning both Mrs. Glover and her attorney, S. D. Elmore and urged the jury to give the girl the benefit of any reasonable doubt.

REDUCED HER CARAMEL ORDER

Little Girl Put a Third of Her Money Into Red Cross Seals

A little girl went into a Chicago drugstore during the Christmas season last year to buy some candy. "I want 30 cents worth of caramels," she said.

Then her attention was attracted by the sheet of Christmas seals lying on the counter. "Oh, you have some of those little Christmas Seals that the teacher told us about."

She hesitated as the clerk started to get the candy; then shifted her position from one foot to the other, and chewed the corner of her handkerchief for a minute. At last, with a thoughtful expression on her face, she said:

"I'll—Give me ten of them. I will take twenty cents worth of caramels."

Divide your Christmas gifts with the Vermont Red Cross by using Christmas Seals on the backs of your letters and packages.

IN RUTLAND HOSPITAL

North Adams Man Had Attack of Heart Failure at No. Bennington

Charles Williams of West Main st., this city is in the hospital at Rutland where he was taken from North Bennington Saturday evening after an attack of heart failure. He fell on the street and was taken to a Rutland hospital on the first train when efforts of a physician failed to revive him.

Mr. Williams lived in this city with a niece. He went to North Bennington a few weeks ago to work. He suffered a similar attack in Bennington while on his way and for some time it was believed that he would die in the store to which he was removed. Mr. Williams has recovered somewhat since his arrival at the hospital and it is expected that he will be discharged within a few days.—North Adams Transcript.

GOLDEN BRAID SNIPPED OFF

Little Girl Attacked on Street in Troy Monday Evening

Troy, N. Y., Dec. 14.—While Theresa Bartlett, 12 years of age was walking on Fifth avenue this city, shortly after six o'clock Monday night she was seized by an unknown man, who placed his hands across her mouth to prevent an outcry, produced a pair of sharp scissors from his pocket and clipped her long braid. He then hurried away and has not been apprehended. Miss Bartlett possessed a beautiful head of blonde hair of unusual length and thickness. She is the third victim of a mysterious "Jack the Clipper" in this city during the past three months.

USEFUL THINGS

That's What to Get For Presents
Something to Wear

Knickknacks--no, every house and garret is filled with them.

Now, yourself, consider do you want the Statute of Liberty or just a few nice hose? Well, it's just the same with your friends, they may love Liberty but wouldn't appreciate her half as much as socks free of holes.

-A BOX OF-
INTERWOVEN
HOSE - \$1.00
